SIR RICHARD BRANSON

PHOTOGRAPHER · MUNICH · FOR 25 YEARS

STORIES, TOLD FROM WITHIN.

For 25 years I have been photographing people – for magazines, agencies and companies. Whether CEO or dairy farmer from my home village: what interests me is what is written in a face. To me, a good photograph is a personal close-up that moves you.

01

PORTRAIT

Personalities from business, politics, culture and sport – in the studio or on location, with little time and a lot of intuition.

02

REPORTAGE

Stories for SZ-Magazin, Spiegel, GEO and others – from a village in Lower Bavaria to the national football team of Iraq.

03

CORPORATE & ADVERTISING

People, workplaces and campaigns for companies such as Allianz, Bosch, Infineon and Munich Re – authentic, not staged.
